

GATE CITY MIDDLE  **GATE CITY HIGH**
Wellness Policy 2017-2018

I. Policy Statement

Gate City Middle and Gate City High Schools support the health and well-being of the District's students by promoting nutrition and physical activity at all grade levels. In accordance with federal law, it is the policy of the Board to provide students access to healthy foods and beverages; provide opportunities for developmentally appropriate physical activity; provide nutrition education; and require that all meals served by the District meet or exceed the federal nutritional guidelines issued by the U.S. Department of Agriculture.

USDA is an equal opportunity provider, employer, and lender.

II. Wellness Policy Leadership

The designated official for oversight of the wellness policy is the School Nutrition Supervisor. The official shall convene the Wellness Committee and lead the review, updating and evaluation of policy.

Gate City Middle and Gate City High shall designate a site coordinator who shall ensure compliance with the policy.

III. School Wellness Committee

To assist in the creation of a healthy environment, the District shall establish a Wellness Committee that will provide ongoing review and evaluation of the Wellness Policy. The Committee shall meet no less than 3 times during the school year to implement, assess and review, and make recommendations for changes to the Wellness Policy.

The Committee shall consist of a diverse group of stakeholders to participate in the development, implementation, periodic review and updating of the Wellness Policy.

IV. Goals

Gate City Middle and Gate City High Schools have established the following goals to promote student wellness.

A. Nutrition Education

1. Nutrition topics shall be integrated within the comprehensive health education curriculum taught at every grade (7-12)
2. The entire school environment, not just the classroom, shall be aligned with healthy school goals to positively influence a student's understanding, beliefs, and habits as they relate to good nutrition and regular physical exercise.
3. Nutrition education will incorporate helping children acquire skills for reading food labels and menu planning.
4. Nutrition education curriculum is aligned with state and federal learning objectives and standards.
5. Nutrition is integrated into the health education or core curricula (e.g., math, science, language arts).
6. Schools link nutrition education activities with the coordinated school health program.
7. Staff who provide health education, culinary arts, and nutrition/wellness classes will have appropriate training and/or licensure.
8. The level of student participation in the school breakfast and school lunch programs is appropriate.
9. Gate City Middle and Gate City High Schools are enrolled as Team Nutrition Schools, and they conduct nutrition education activities and promotions that involve parents, students, and the community.
10. Nutrition education instructional activities shall stress the appealing aspects of healthy eating and be participatory, developmentally appropriate, and enjoyable. The program shall engage families as partner in their children's education.
11. Gate City Middle incorporates Health/Nutrition classes during 7-9th grade PE classes.
12. Gate City High incorporates Health/Nutrition classes during 10-12th PE classes.
13. Gate City High offers Wellness Classes for 11th-12th grade students.

B. Physical Activity

Students are given opportunities for physical activity during the school day through physical education (PE) classes and the integration of physical activity into the academic curriculum where appropriate.

1. Students are given opportunities for physical activity through a range of before and/or after-school programs including, but not limited to, intramurals, interscholastic athletics, physical activity clubs and other after school programs.
